

2023

CITY OF WOOSTER BUSINESS TAX RETURN

GENERAL INSTRUCTIONS

**BUSINESSES REQUIRED TO FILE**

Each C-corporation, S-corporation, partnership, trust, estate or other business entity, other than non-profit organizations, that have activities conducted in the City of Wooster, whether or not such organization has an office or place of business inside the City, is subject to Wooster income tax. Such entities must allocate their profits (losses) within the City by using the business allocation formula (Schedule Y). Businesses having an office or place of business in Wooster should identify the Wooster location's street address on their tax return.

**NOTE: If a business filed a return, or was required to file a tax return in previous years, but did not do any business within Wooster in 2023, a Non-Filing Declaration on page 5 must be completed and returned to the City of Wooster's tax office.**

**TAXABLE INCOME**

Income subject to city tax should be figured in the same manner as income subject to federal income tax, except for the following exempt items, that should be reported on schedule Z of this return and deducted from federal taxable income:

- Dividends
- Interest Income
- Capital Gains
- Income from intangible property

All deductions reported on the federal income tax return may be used in computing Wooster taxable income, except for the following items, that should be added back to income and reported on Schedule Z:

- Taxes based on income
- Capital Losses
- Net operating loss carry backs

**NET OPERATING LOSS**

The portion of a net operating loss allocated to Wooster may be carried forward for the lesser of five calendar or six fiscal tax years and used to offset current Wooster Taxable Income. A schedule of net operating loss carry forwards, which shows the fiscal year the loss was incurred and any subsequent Wooster taxable income to which this loss was applied, should be attached.

## ESTIMATED TAXES

To receive payment vouchers for the second, third and fourth quarters, complete the 2024 estimate on line 18 of page 3 or line 7 of page 6 or contact this office. Non-receipt of forms does not relieve the taxpayer of the responsibility to file forms and pay taxes due quarterly.

Any business entity that anticipates owing tax of \$200.00 or greater in 2024, must file a Declaration of Estimated Tax on or before the fifteenth day of the fourth month of their fiscal year. The declaration should be accompanied by payment of one-fourth (25%) of the estimated tax liability declared by the fifteenth day of the fourth month of the fiscal year, 1/2 (50%) by the fifteenth day of the sixth month, 3/4 (75%) by the fifteenth day of the ninth month and all (100%) by the fifteenth day of the twelfth month following the fiscal year end.

Overpayments from previous tax years (carry forward credits) may be applied towards the estimated payments. **Do not use the overpayment to decrease your estimated tax liability, but rather to decrease your quarterly payment due after the carry forward credit is determined.**

Estimated payments must, in equal quarterly installments, be equal to 90% of the current year's Wooster tax liability. The estimate can be amended at any time following the initial declaration.

## EXTENSION OF TIME TO FILE TAX RETURN

A business entity may receive an extension of time to file its City of Wooster Business Income Tax Return in one of the following ways:

- By filling out the "Request for Automatic Extension of Time to File," which is included in this packet, and mailing it to the City of Wooster income tax office **by the original due date of the return.**
- By submitting a photocopy of the request for extension which was filed with the Internal Revenue Service, to the City of Wooster income tax office, **by the original due date of the return or attach a copy when filing.**

**Requesting an extension of time to file does not extend the due date for payment of 2023 taxes owed or 2024 estimated tax payments.**

## PENALTY AND INTEREST

Penalty and interest charges are imposed for late filing/payment and/or underestimating taxes. Total payments of estimated taxes must be equal to or greater than 90% of the current year's total tax liability.

An under payment of estimated tax penalty will be charged at 15% of the 90% of tax liability that was to be remitted.

Late filing penalty is \$25.00.

Late payment penalty of 15% is calculated on the tax due that is remitted past the due date.

Interest is calculated at .583% of the tax due, and for each month the tax is late.

## PAPERWORK REQUIRED

**S-Corporations, Partnerships Limited Liability Companies or other entities** a photocopy of all five pages of federal form 1120S or 1065 and all K-1's issued should be attached to the return. S-corporations and partnerships that pay Wooster income tax as an entity should complete all portions of the return. They should attach the **complete** federal income tax return and a schedule of taxes deducted on the federal return.

**C-Corporation, Trusts, Estates and all entities NOT filing federal form 1120S or 1065** should attach a photocopy of the entity's **complete** federal income tax return and include a schedule of "taxes and licenses" deducted on the federal tax return. If the company takes any deductions from, or makes any additions to, their federal taxable income on their city return, that is not clearly identifiable on the federal return, paperwork filed with the federal return showing these additions or deductions should be included.

**ANY RETURN RECEIVED WITHOUT THE APPROPRIATE PAPERWORK WILL NOT BE CONSIDERED PROPERLY FILED.**

### NON-FILING DECLARATION INSTRUCTIONS

This schedule is for businesses that have filed a Wooster Business Income Tax Return for the 2023 calendar year or a fiscal period beginning in 2023, but did not do any business within Wooster in the following calendar year or fiscal period.

One of the four options should be checked. If the first one is checked, please be sure to give the effective date of liquidation. If the fourth option is checked, attach a valid explanation as to why the entity, which has previously filed, is no longer required to. Having a loss for the year is not a valid explanation. If the entity has changed, please give the date of change and the name, address and Federal ID# for the new entity.
